Save the Date

Dear Colleagues and Friends,

Canada is proud to host the next **IUPESM World Congress on Medical Physics and Biomedical Engineering (IUPESM WC 2015)**, to be held at the **Metro Toronto Convention Centre, June 7 – 12, 2015**. The Canadian Medical and Biological Engineering Society (CMBES) and the Canadian Organization of Medical Physicists (COMP) have joined forces to host this international event. The Congress is sponsored by the International Union of Physical & Engineering Sciences in Medicine (IUPESM) and its member organizations, the International Organization for Medical Physics (IOMP) and the International Federation for Medical and Biological Engineering (IFMBE). The Congress will also serve concurrently as the annual meetings for both CMBES and COMP in 2015.

The IUPESM World Congress attracts biomedical engineers and physicists from around the globe. IUPESM World Congress 2015 offers an exceptional opportunity to showcase the breadth and caliber of biomedical engineering and medical physics from around the world. The Congress embraces all aspects of biomedical engineering and medical physics and welcomes everyone who is working in these fields or has an interest in them. The Metro Toronto Convention Centre is located right in the heart of downtown Toronto and provides a truly exceptional venue while offering a superb variety of restaurants, accommodation and tourism opportunities close by.

The Congress is co-chaired by David Jaffray (Medical Physics) and Tony Easty (Biomedical Engineering), who are committed to organizing a truly memorable event. Congress planning activities are well underway, but please don't hesitate to contact the co-chairs or the Congress Committee to suggest areas of focus that you would like to see covered at the Congress. Your active contribution is welcome and we look forward to welcoming you to our world class city Toronto in 2015.

Sincerely,

David Jaffray

Tony Easty

IUPESM World Congress 2015 Co-Chairs

CONGRESS THEMES

Global Health Challenges

Evidence and Health Informatics

Women in Biomedical Engineering and Medical Physics

Urban Health and Future Earth

Next Generation Medicine
